Our Core Value:

People

The Past Year

Instantiations is Growing Quickly

- Acquiring new business line
- Expanding our staff
- Continuing to solidify and update software
- Other ongoing improvements
 - SOC2 readiness; audits

What's upcoming for Instantiations?

Upcoming...

- More Growth
- Continued emphasis on **People**
- Looking outward for inspiration
- Sharing our expertise with other communities
- Building new community connections
- Opportunities in other new technologies

VAST Platform 2024
13.0.0

Design it. Build it. Deploy it.

Create object-oriented software that's stable, easy to maintain, and deploys smoothly – all from the same comprehensive development environment.

Features planned for VAST Platform 2024 (13.0.0)

- Performance Improvements
- Deeper Unicode Integration
- Code Editor Updates
- Table Widget Integrations
- WebView2
- Internal Build Improvements
- Multi-year GTK Development Begins

And dozens of other fixes and enhancements!

Thanks for attending!
